

## Learning objectives

This list identifies the goals for the **minimum skills and knowledge** required to perform the care appropriate to your child. You and the healthcare team may use it as a guide and checklist for learning.

**Instructions:** When the learning is satisfactory to the nurse and to the parent, both will write their initials in the table and put their name and signature at the end where indicated.

The family/caregiver (and child, if appropriate) <b>know:</b>	Date	Initials Nurse	Initials Parent
advice on the activities of daily living (clothing, nutrition, hydration, bathing, sleep, activities and transportation)
